

## Canvas Training Week

# Import Angel Zip to Canvas

### Import Angel Exported Zip to Canvas

1. Log into Canvas (See Canvas: Logging In)
2. After successfully selecting your course, click on the **Settings** link in the left course navigation
3. Click on the **Import Content into this Course** button on the left navigation
4. Choose the **Content Type: Angel export .zip** format from the drop down menu
5. Click on the **Choose File** button
6. **Locate your Angel zip archive**, select and click the **Open** button
  - a. Optional: If you have a question bank from Angel, choose Create a Question Bank. Otherwise ignore this option
7. Select **All Content** from the **Content** section
  - a. Optional: check the box to adjust events and due dates
8. Click on the **Import** button

Note: Your request will be added to the Current Jobs section. If there are other requests in the queue, it will say Queued. Once it is ready, the status will demonstrate a progress bar. After completion, your content will be imported to your Canvas course.
